Irish manufacturer for the established Keltec Bale Slice, Keltec Round Bale Unwinder, Bale Chaser and many more great machines!

Keltec Bale Slice - Removes and holds plastic wrap + netting whilst splitting your bale all from your cab! Keep your hands clean and save time! Excellent for filling mixer wagons.

Move Far More Bales With A Lot Less Effort

NEW Round Bale Unwinder

JAY-LOR[®] BECAUSE NUTRITION MATTERS.[™]

Canadian manufacturer of unique mini mixer wagons. Self Propelled, Trailer, Mounted and Stationary models available.

Perfect for a variety of uses including:

- Speciality Groups
- Calf rearing units
- High yeilders & dry cows
- Farms with limited building access
- Small mixes etc

Unique TMR Mini Mixer wagons with either a 50 cubic ft capacity (A50) or a 100 cubic foot capacity (A100)
Self Propelled, Trailer, Mounted or Stationary models available.

The mini series is designed to be able to process small hay bales, forages and other ingredients, then cut and mix a consistent, nutritious TMR. The mini mixers are built with the same ruggedness and durability as the rest of the Jaylor product line. A reliable industrial Briggs and Stratton Vanguard engine powers the mini mixer. The self-propelled model has an all-wheel drive, hydrostatic drive system which allows the mixer to be easily maneuvered, even through the farm yard.

TRENONA

"Built to work, not to look at"

Award winning UK
manufacturer of Bag
Handlers, Bale Handler
and Fencing machines.

The Trenona Bag Handler is not just a bag lifter but also has a second application of being able to be used to hold open dumpy bags for filling purposes.

It conforms to the LOLER 1998 Regulations insuring legal lifting of bags. Minimises dangerous sideways sway by the addition of adjustable sway bumpers

NATIONAL AWARD WINNER

Revolutionary Trenona Bale Handler - Handles wrapped plus unwrapped bales and a lot, lot more!

Contact us to ask us why we call the Trenona Bale Handler 'Revolutionary'!!

HLA SNOW

Canadian manufacturer of professional snow equipment including Snow Ploughs, Snow Wings and Snow Pushers etc.

SNOW EQUIPMENT FROM THE PEOPLE WHO REALLY KNOW SNOW!

HLA SNOW WING SERIES

3200W, 4200W & 5200W series available

The endplates are hydraulically-controlled and equipped with industry-proven rotary actuators, giving limitless control within the massive 180° rotation. This means you can use your blade on an angle with one end open and the other parallel to the direction you are driving. Get closer to buildings and parking stones without risking damage. Then rotate the endplates into a reverse box blade and drag the snow away for full clearing in the tightest of spaces.
